

Oxy K 30 HW/HS Oxygen Self Rescuer

Oxy K 30 HW/HS should be carried when toxic gases can be present or the atmosphere can be oxygen deficient.

Oxy K 30 HW/HS is an oxygen self-rescuer, independent of the ambient air, which uses chemically-bound oxygen.

A quick starter cartridge provides an instant oxygen supply on donning.

Special features of the hood version: The hood provides head, face and eye protection against smoke and heat. It allows for verbal communication, an important component for leaving dangerous situation. The unit is suitable for people wearing glasses and is easy to don and breath.

Oxy K 30 HW/HS is suitable for use in transportation (railway, hazardous material), shipping, sewage, tunnelling, drilling platforms and petrochemical

Oxy K 30 HW/HS is up to 10 years free of maintenance and service. The hood version is available in the two versions:

THE WALL MOUNTED VERSION (HW)

ensures a quick operational readiness. Since disassembly from the wall and opening of the unit will take place in one step. It can be positioned ready for use on walls along escape routes.

THE SHOULDER STRAP VERSION (HS) can be installed in vehicles or carried by potential users.

Our service to you: We will dispose damaged, opened, used or expired oxygen self-rescuers for you.
